# Environmental Policy

Owen Fabrications Ltd is dedicated to operating with a commitment to protecting and enhancing the environment, striving for excellence in every aspect of our business. We recognize our responsibility to minimize environmental impacts, particularly regarding waste generation and resource consumption.

## 1. Aims and Objectives

Our primary environmental objectives are to:

### 1.1 Continuously Improve Environmental Performance

We aim to enhance our environmental practices, with a focus on recycling and reusing paper materials.

### 1.2 Utilise Eco-Friendly Materials

Wherever possible, we will use recycled or ecologically friendly paper products.

### 1.3 Efficient Use of Waste Paper

We will repurpose waste paper for notepads unless doing so compromises confidentiality.

### 1.4 Resource Efficiency

We are committed to reducing resource consumption by adopting practices such as double-sided printing where feasible.

### 1.5 Waste Management

We will manage business waste in accordance with the principles of reduction, re-use, and recycling.

### 1.6 Comprehensive Recycling

All paper products, ink, and toner cartridges will be recycled.

### 1.7 Compliance with Legislation

We will comply with all relevant environmental legislation and other applicable environmental requirements as a minimum standard.

## 2. Commitment to Sustainability

Owen Fabrications Ltd is committed to:

- **Energy Consumption**
  Reducing energy consumption and sourcing utilities and hardware from environmentally friendly providers who utilize renewable energy sources.
- **Recycling and Waste Reduction**
  Recycling equipment, waste products, and redundant items while reducing the use of consumables.
- **Handling Hazardous Materials**
  Using, storing, controlling, and disposing of hazardous materials in accordance with best environmental practices.

## 3. Specific Policy Actions

To support our environmental goals, we will:

- **Eco-Friendly Procurement**
  Source services, equipment, and power from providers committed to environmental protection.
- **Pollution Reduction**
  Actively reduce the use of substances and processes that have adverse environmental impacts.
- **Worker Consultation**
  Consult with workers through the Safety Committee on any environmental control measures that may affect them.
- **Continuous Improvement**
  Set annual environmental targets, review objectives, and measure progress to continually improve our environmental performance.

## 4. Policy Review and Improvement

This Environmental Policy Statement will be reviewed and updated annually or as necessary. The management team fully endorses these policy statements and is committed to their implementation. Employees are encouraged to support and contribute to our environmental protection efforts by adhering to the policies and control measures in place.

## 5. Legal Compliance

Owen Fabrications Ltd adheres to the Environmental Protection Act and other relevant statutory legislation and Approved Codes of Practice (ACOP). This policy is available to interested parties upon request.
